Executive Player Intelligence Report

Date: 2026-06-08

EXECUTIVE SUMMARY:
This report outlines the player ratings generated by the CPIS composite ranking framework. Player Match Impact Scores (MIS), Consistency Indices (CI), and Pressure Performance Indices (PPI) were aggregated over 5 seasons of T20 league match data. Mixed-integer linear programming is utilized to calculate optimal lineups, and machine learning models are deployed to forecast 2026 season stats.
